NEW YORK, June 25.—Unlike previous sessions this week, today's abbreviated but active stock market showed a broad and sharp upward swing of prices.

Gains of one to five points, to month—in market made enforced contributions, were seattered throughout the list. Oils, rails, shippings, steels, equipments war foreign.

(Section Two)

rails, shippings, steels, equipments and miscellaneous issues were impartially favored.

Conspicuous strength was shown by Mexican Petroleum, General Asphalt, Baldwin, United Fruit, Atlantic Guif, American Woolen, American Sugar, American-Sumatra Tobacco, Sears Rochuck, Resiling and Scott.

Sears Roebuck, Reading and Southern Pacific.

United States Steel added almost two points to its recovery from the low record of Thursday and affiliated issues were two to five points above recent minimum quotations. Realizing for profit made only slight impressions at the strong close.

Sales, 435,000 shares.

Current news offered little explanation for the market's reversal, for most advices concerning trade and commerce again stressed conflicting conditions and the cautions attitude

Trading in bonds was moderate and regular, both in domestic and international issues. Total sales, par value, aggregated \$4,650,000.

The clearing house weekly statement furnished no noteworthy features. Actual loans and discounts showed a relatively small decrease, considering the recent heavy liquidation. A cash contract of about \$20,500,000 still left a liberal margin of excess reserves.
